

An elegant solution for monitoring and reporting against the Welsh LNF/DCF using the [Check Online](#) personalised learning platform!

How does it work?

You use a spreadsheet derived from the LNF/DCF, that includes framework descriptors together with kid-speak versions of the descriptors. You can then use the spreadsheet as a basis for a cross-curricular school audit. Once the audit is complete you import the spreadsheet into Check Online as Cross Curricular personalised learning checklists.

Students record their progress against the LNF/DCF descriptors in the familiar RAG (Red, Amber, Green) format from any device at any time.

[Visit Resource Wall for Checklist](#)

Reference	Sequence Number	Descriptor	Grade	Status	Resources	Checked
Oracy-1	1	I can take a range of roles, e.g. organising, initiating actions, in more formal group contexts, e.g. when working with unfamiliar peers or adults	Pass			Yes

Students record a variety of evidence against checklists and descriptors.

Name: Aldrich Anders using checklist Reading (Strategies)

New piece of evidence 

Evidence: Writing in my exercise book on the weather project.

Date: 11/10/2018 at 08:19:15

Click here to reveal descriptors that evidence relates to...

Teachers can verify that descriptors have been met.

Reference	SequenceNumber	Descriptor	Grade	Ability Band	Status	Met?
Read1-1	1	I can use my knowledge of word roots & families, grammar, sentence structure, whole-text structure, content and context to make sense of words, sentences and whole texts	Pass		Green	Yes 

School leaders have a whole school LNF/DCF view using advanced reporting features.

Select report:

--Select Report--
Business Customers Report
Business Startups
Welsh DCF/LNF

Select students for RAG status:

--Select ALL Students--
All descriptors are green and checked
All descriptors green
All descriptors are red (or unused)

All this is just one small part of a personalised learning platform that includes notices, homework, assignments, checklists, online testing and adaptive testing. All at a fraction of the cost of other learning platforms or homework solutions that you might already be paying for! The future of education software starts here with **Check Online** from eFirst. Be a part of it!
